CLEAN the streets.

Fifth street is a

mass of filth and should be cleaned.

MINNEAPOLIS seems to have all the

jam, ice jam, log jam, etc., and for

St. Paul is not envious.

THERE is some advantage in winter

after all. There is no danger of one

getting run over every minute by an

amateur bicyclist rider.

SPRING has come, and the patient

pedestrian again gets off into the mud

and sand to let the bicycle fend mo-

nopolize the sidewalk.

FRIDAY April 9th is Arbor day.

Let every one observe the day by

planting trees. Nothing beauti-

fies a city more than beautiful trees.

The floods at Fargo this week

carried off 14 blocks of cedar paving

and 30 miles of board sidewalk. In

cases of this kind it is a good scheme

to have paving that won't float.

BRainerd isn't a bad place to live

in after all. While almost every

other town in the state is flooded and

in danger of destruction, this city sits

high and dry, suffering no inconvenience

whatsoever.

CARTER HARRISON, JR., was elected

mayor of Chicago on Tuesday, re-

ceiving a larger vote than all the

other candidates combined. It was

very fortunate for Carter that he is

a son of his father.

The attorney general has given an

opinion that the adoption of the con-

stitutional amendment on citizenship

subjects aliens to removal from office.

Under this opinion there are several

people in Brainerd illegally holding

office.

This is a peculiar age. There are

a lot of people who are continually

denouncing trusts because they pro-

vent competition, and also department

stores because they are too sharp

competition for smaller concerns. It is

pretty hard to tell what some people

want.

The people of Superior, Wis., have

peculiar taste, to say the least. On

Tuesday they elected Rev. Stark-

weather mayor, after he had been im-

peached for extorting money from

police, firemen, and others. But,

then, if they prefer a man of that

kind, they ought to have him.

The legislature has passed a law

changing the wolf bounty and the new

law takes effect at once. Under the

provision of the new act the bounty

will be \$5 for all full grown wolves

male or female for the first five months

of the year. For the remaining seven

months the bounty will be \$3. For cubs

not yet born the bounty will be \$1. It

BRAINERD, MINNESOTA

The melancholy days for many officers are here.

Mr. Gage is declared to be the handsomest man in the new cabinet. They can't beat Chicago.

There is a bright side to everything. The city of Canton, Ohio, is now enjoying a brass band famine.

A trust has been formed by the manufacturers of bourbon whisky. The owners of the land have determined to put it down.

Turkey claims to have bought three American ironclads. The Sultan evidently wishes to discover a few more sand-lars in the Mediterranean.

Mr. Cleveland is now expounding the exclusiveness that is accorded an ex-president. Nobody pays the least attention to the number of ducks he kills.

By the way, who is it that is trying to recover the American flag captured by the Germans during the war with that country? There has certainly been no governmental action taken in that direction.

A preacher at Normal, Ill., says he uses beer because he is suffering from nervous prostration, resulting from being held up by a footpad. We have often wondered at the enormous consumption of the amber beverage.

Right here we wish to call your attention to a remarkably good man, in at least one respect. Stratton, the Cripple Creek millionaire, refuses to go into any money-making schemes. What Mr. Stratton is doing is to protect himself from the possibility of being within the limits of decency. Are you not pleased to know that there is one rich man who has not designs on the entire earth?

And now Dr. Lyman Abbott of Brooklyn tells us that out of the 170 Psalms David wrote but fifteen. David, therefore, is not the poet many supposed him to have been. Then comes Rev. William Brewster, who tells us that the minister in New York, who solemnly avers that the story of Balaam and his ass is not literally true. In other words, Mr. Lloyd does not believe the ass spoke with the voice of a man.

Representative Donovan of Bay City has introduced a bill in the Michigan legislature to keep bachelors and maids from "going on in their single coyness." In explaining the bill, Mr. Donovan said that he was not proposing any penalty for men who have been filled, or so homely that no sane woman would look at them. These two things will be exempt from all the penalties of the bill. The ministers and justices are much pleased with the bright prospect for increased business.

A St. Louis woman died the other day of a St. Louis disease. She was a woman of 600 pounds, and when she was taken to the hospital it was almost impossible to get her through the door of the ambulance. She broke the stretcher and when they carried her up stairs, and took six strong negroes to move her. When she departed this life it took over half an hour to ascertain that she was really dead. The layers of fat between the epidemics and the arteries are so thick that it was impossible to discern the ebullient and flowing of the blood.

A romantic story comes from Holly, N. Y., concerning a rich, formerly of that place, but now a wealthy California mining man, and Miss Lizzie Frank. The two were married quietly in Pennsylvania in 1881, but agreed to keep the marriage secret until they should have crowned the efforts of the bridegroom in the far west. Sixteen years elapsed before the desired result was attained, and a few days ago he returned to Mr. Holly and his wife. During all this time they guarded their secret so well that their friends never suspected the true state of affairs.

An aged Chicago spinster, with a usual fondness of her kind for cats, has recently had an unpleasant experience on account of her pets. She had an unusual number of cats, and one day, about thirty pussies were domiciled in her apartments, and the neighbors have made a complaint to the health officers that cats are not desired in that neighborhood.

The spinster has occupied the same rooms for eight years, and the landlady says that her door was always kept locked to keep out intruders. The health officer has ordered the cats removed, and the great grief of the old mistress.

Germany's fifteen largest landowners own between 9,000,000 and 10,000,000 acres of German land. Next comes the Duke of Arenberg with 800,000, then in order the Prince of Thurn and Taxis, the Duke of Brunswick, Prince of Schwarzburg, Prince of Saxe-Altenburg, Prince of Pless, the Duke of Leuchtenberg, Prince Benheim, Prince Lowenstein, the Prince of Wied (Princess Fugger, many of these have large estates outside of Germany as well.

An Atlanta clergyman denounces the "un-Christian" members of our churches, who gamble for prizes at cards, against the law of both God and man. That clergyman's usefulness must be over, with the fair members of his church, at least.

The offer of Andrew Carnegie and other rich men to loan the State of Pennsylvania millions of dollars to enable it to rebuild its Capitol, causes the suspicion that they want either to clear their consciences or obtain some more favors.

A woman in Milpitas, Cal., is said to have invented a novel and effective cure for despondency and kindred evils. She made it a rule to laugh three times a day, with occasional sobs without, and a new "Laugh Balm" has been made.

The recent murder of a young lady in a railway carriage in England is causing the English railroad companies to think of adopting the style of coaches used in this country. Nobody is ever murdered in a train, but occasionally a man is robbed.

President Rottman of the defunct Mullanybank of St. Louis, says he was hypnotized by a liquor dealer named Teacher into loaning him \$30,000 on worthless security. If there is anything in names the banker's story is not and the liquor man only a touch.

The appointment of John Hay as ambassador to England gives an interesting paragraph to a man who has been called "Little Bismarck" and has a most satisfactory opportunity now for "leading around the throne."

OUTLOOK IN RED RIVER VALLEY IS BRIGHTER.

It is Not Expected That the Red Will Rise Very Much Higher—Fargo Gets an Awful Soaking—Fargo Press Notes From Water—The Lower Jim Valley a Vast Sea.

Fargo, N. D., April 6.—During one hour today the water in the Red River rose nearly four feet, and the authorities think that the limit will be reached some time to-night. During the last seven hours the water has risen sixteen inches, and the water has risen reached such a height that the Keeley institute has been flooded, and half the ground above the river is under water. The water has moved out, Bishop Shanley and State Treasurer Nichols being among the number. Both parties are closed, and the water is two feet high on Front street and Northern Pacific street. The water is now flowing toward Winnipeg. Booms are being put in to prevent further damage to the streets. The water is nearly up to the level of the Northern Pacific bridge, but trains have been sent over in both directions, though the increase has been taken to keep weights on the bridge at all times. The Sheweney river, west of town, has begun to rise at last and is flowing toward Fargo and the entire west side of town, and many families will be compelled to move up higher ground. The water is now flowing toward Fargo and the entire west side of town, and many families will be compelled to move up higher ground. Grand Forks.—The river is rising three inches an hour, and residents of the lower part of the city are making arrangements to move out. The water point to the highest water in history and merchants on Third street have been ordered to move out. The water is expected to see water over that street. The Northern Pacific track on this side is covered and trains are run on the south side. A romantic story comes from Holly, N. Y., concerning a rich, formerly of that place, but now a wealthy California mining man, and Miss Lizzie Frank. The two were married quietly in Pennsylvania in 1881, but agreed to keep the marriage secret until they should have crowned the efforts of the bridegroom in the far west. Sixteen years elapsed before the desired result was attained, and a few days ago he returned to Mr. Holly and his wife. During all this time they guarded their secret so well that their friends never suspected the true state of affairs.

An aged Chicago spinster, with a usual fondness of her kind for cats, has recently had an unpleasant experience on account of her pets. She had an unusual number of cats, and one day, about thirty pussies were domiciled in her apartments, and the neighbors have made a complaint to the health officers that cats are not desired in that neighborhood.

The "Prodigal Father" at the opera
house on Wednesday evening was a

was not much of a plot, only sufficient
to introduce a great many laughable
scenes and incidents. The specialty
work was fine throughout, the country
girl, by Miss Melville, being especially
fine.

pany has given W. T. Blakely, of
Minneapolis, a contract to get out 100
car loads of piling along the line of

at Minneapolis and other points. Mr.
Blakely went up the road Saturday,
and several cars of piling have already

Six men were arrested Sunday night
in the rooms over Kellehan's saloon,
charged with gambling. Ten dollars
apiece were put up for their appear-
ance before his honor, Judge Alder-
man, the next morning. Two for-
feited the amount by not appearing,
and the others plead not guilty, and
their trial was fixed for Saturday, at
2 p. m. They deny the allegation
that they were trying with the festive
poker chip.

Several of the more thoughtful
ladies of the city, have recently been
removing their hats when at an enter-
tainment at the opera house. If they
thoroughly understood how pleasing
such action is to those who occupy
seats behind them, and how much it
is appreciated, we believe all the
ladies in the city would adopt the cus-
tom. The custom is almost all other
cities throughout the country is gen-
eral, and should be practiced here.

Severn Koop has purchased the fine
residence property of E. C. Gates on
Third street north, between Juniper
and Ivy streets. Mr. Gates and
family will move east. Mr. Koop only
yesterday began to excavate for the
erection of a residence property on
5th street, adjoining Dr. Ribbel's. It
was to have been of solid brick and
would have cost in the neighborhood
of six or seven thousand dollars. It
was to have been the finest residence
in the city, but the purchase of Mr.
Gates' property will put a stop to the
building.

Installed New Officers.

Brainerd Division No. 7, U. R. K. P.
installed new officers for the coming
year on Wednesday evening, Major
O. H. Havill, of the 3rd Minn. Regt.
U. R. K. P. conducting the install-
ation exercises. The division has not
had a meeting for over a year and
has fallen into a state of what Grover
Cleveland would term innocuous
desuetude. A few days ago Major H.
D. Powers was in the city and it was
determined to insure new life into the
organization, and a meeting was held
and new officers elected. It is pro-
posed now to get actively at work and
make the division one of the best in
the state. The officers installed were:

Sir Knight Capt.—W. A. M. Johnston.
Sir Knight Lieut.—F. A. Farrar.
Sir Knight Herald—W. M. Brown.
Sir Knight Recorder—J. R. Smith.
Sir Knight Treas.—C. D. Johnson.
Sir Knight Sentinel—E. H. Jones.

An Old Settler Moves Away.

Wm. Shontell has sold his residence
and greenhouses on 8th street south,
to Wm. Dodd, and will remove with
his wife to Shelby, Oceanic County,
Mich. Mr. Shontell's removal will be
greatly regretted by the people of this
city. He was one of the very oldest
settlers of this vicinity. He came
here in May of 1870, before a
single house was constructed in this
city. Every one here then was living
in tents. He was then employed by
the R. R. Company, afterwards he went
to farming, spending 15 years of the
time here on his farm a couple of
miles south of town. He was on the
police force for seven years, three of
them as chief. In whatever position he
has been placed, he has been the same,
honest, industrious and upright citi-
zen, hence his departure will be great-
ly regretted. Mrs. Shontell has recent-
ly fallen heir to considerable money,
and the desire to be among Mrs. Shon-
tell's people was the chief cause of his
removal. Mrs. Shontell left yester-
day and Mr. Shontell goes to-morrow
or Monday.

Call on Atwood, the druggist for

The county commissioners held a
meeting on Tuesday, but the county
attorney informed them that the
meeting was not legal, as they had al-
ready held six adjourned meetings
of the January meeting as provided
by law. A special was called for the
18th, to transact business gone over.

The "Prodigal Father" at the opera
house on Wednesday evening was a
first-class specialty company. There
was not much of a plot, only sufficient
to introduce a great many laughable
scenes and incidents. The specialty
work was fine throughout, the country
girl, by Miss Melville, being especially
fine.

The Mississippi River Boom com-
pany has given W. T. Blakely, of
Minneapolis, a contract to get out 100
car loads of piling along the line of
the R. & N. M. road for immediate
use in replacing the destroyed booms
at Minneapolis and other points. Mr.
Blakely went up the road Saturday,
and several cars of piling have already
passed through here enroute for
Minneapolis.

Six men were arrested Sunday night
in the rooms over Kellehan's saloon,
charged with gambling. Ten dollars
spice were put up for their appear-
ance before his honor, Judge Alder-
man, the next morning. Two for-
feited the amount by not appearing,
and the others pleaded not guilty, and
their trial was fixed for Saturday, at
2 p. m. They deny the allegation
that they were trying with the festive
poker chip.

Several of the more thoughtful
ladies of the city, have recently been
removing their hats when at an enter-
tainment at the opera house. If they
thoroughly understood how pleasing
such action is to those who occupy
seats behind them, and how much it
is appreciated, we believe all the
ladies in the city would adopt the cus-
tom. The custom in almost all other
cities throughout the country is gen-
eral, and should be practiced here.

Severn Koop has purchased the fine
residence property of E. O. Gates on
Third street north, between Juniper
and Ivy streets. Mr. Gates and
family will move east. Mr. Koop only
yesterday began to excavate for the
erection of a residence property on
5th street, adjoining Dr. Ribbel's. It
was to have been of solid brick and
would have cost in the neighborhood
of six or seven thousand dollars. It
would have been the finest residence
in the city, but the purchase of Mr.
Gates' property will put a stop to the
building.

Installed New Officers.

Brainerd Division No. 7, U. R. K. P.
installed new officers for the coming
year on Wednesday evening, Major
O. H. Havill, of the 3rd Minn. Regt.
U. R. K. P. conducting the installa-
tion exercises. The division has not
had a meeting for over a year and
has fallen into a state of what Grover
Cleveland would term innocuous
dormancy. A few days ago Major H.
D. Powers was in the city and it was
determined to insure new life into the
organization, and a meeting was held
and new officers elected. It is pro-
posed now to get actively at work and
make the division one of the best in
the city. The officers installed were:
Sir Knight Capt.-W. A. M. Johnston.
Sir Knight Lieut.-F. A. Farrar.
Sir Knight Herald-Wm. Brown.
Sir Knight Recorder-J. R. Smith.
Sir Knight Treas.-C. D. Johnson.
Sir Knight Sentinel-E. H. Jones.

An Old Settler Moves Away.

Wm. Shontell has sold his residence
and greenhouses on 8th street south,
to Wm. Dodd, and will remove with
his wife to Shelby, Oceanic County,
Mich. Mr. Shontell's removal will be
greatly regretted by the people of this
city. He was one of the very oldest
settlers of this vicinity. He came
here in May of 1870, before a
single house was constructed in this
city. Every one here then was living
in tents. He was then employed by the
R. B. Company, afterwards he went
to farming, spending 15 years of the
time here on his farm a couple of
miles south of town. He was on the
police force for seven years, three of
them as chief. In whatever position he
has been placed, he has been the same,
honest, industrious and upright citi-
zen, hence his departure will be great-
ly regretted. Mrs. Shontell has recent-
ly fallen heir to considerable money,
and the desire to be among Mrs. Shon-
tell's people was the chief cause of his
removal. Mr. Shontell left yester-
day and Mr. Shontell goes to-morrow
on Monday.

The county commissioners held a
meeting on Tuesday, but the county
attorney informed them that the
meeting was not legal, as they had al-
ready held six adjourned meetings
of the January meeting as provided
by law. A special was called for the

The "Prodigal Father" at the opera
house on Wednesday evening was a
first-class specialty company. There
was not much of a plot, only sufficient
to introduce a great many laughable
scenes and incidents. The specialty
work was fine throughout, the country
girl, by Miss Melville, being especially
fine.

The Mississippi River Boom com-
pany has given W. T. Blakely, of
Minneapolis, a contract to get out 100
car loads of piling along the line of
the B. & N. M. road for immediate
use in replacing the destroyed boom
at Minneapolis and other points. Mr.
Blakely went up the road Saturday,
and several cars of piling have already
passed through here enroute for
Minneapolis.

Six men were arrested Sunday night
in the rooms over Kellehan's saloon,
charged with gambling. Ten dollars
apiece were put up for their appear-
ance before his honor, Judge Alder-
man, the next morning. Two for-
feited the amount by not appearing,
and the others pleaded not guilty, and
their trial was fixed for Saturday, at
2 p. m. They deny the allegation
that they were tending with the festive
poker club.

Several of the more thoughtful
ladies of the city, have recently been
removing their hats when at an enter-
tainment at the opera house. If they
thoroughly understood how pleasing
such action is to those who occupy
seats behind them, and how much it
is appreciated, we believe all the
ladies in the city would adopt the cus-
tom. The custom in almost all other
cities throughout the country is gen-
eral, and should be practiced here.

Severn Koop has purchased the fine
residence property of E. C. Gates on
Third street north, between Juniper
and Ivy streets. Mr. Gates and
family will move east. Mr. Koop only
yesterday began to excavate for the
erection of a residence property on
5th street, adjoining Dr. Ribbel's. It
was to have been of solid brick and
would have cost in the neighborhood
of six or seven thousand dollars. It
would have been the finest residence
in the city, but the purchase of Mr.
Gates' property will put a stop to the
building.

Installed New Officers.

Brainerd Division No. 7, U. R. K. P.
installed new officers for the coming
year on Wednesday evening, Major
O. H. Havill, of the 3rd Minn. Regt.
U. R. K. P. conducting the installa-
tion exercises. The division has not
had a meeting for over a year and
has fallen into a state of what Grover
Cleveland would term innocuous
desuetude. A few days ago Major H.
D. Powers was in the city and it was
determined to insure new life into the
organization, and a meeting was held
and new officers elected. It is pro-
posed now to get actively at work and
make the division one of the best in
the state. The officers installed were:
Sir Knight Capt.—W. A. M. Johnston.
Sir Knight Lieut.—F. A. Farrar.
Sir Knight Herald—Wm. Brown.
Sir Knight Recorder—J. R. Smith.
Sir Knight Treas.—C. D. Johnson.
Sir Knight Sentinel—E. H. Jones.

An Old Settler Moves Away.

Wm. Shontell has sold his residence
and greenhouses on 8th street south,
to Wm. Dodd, and will remove with
his wife to Shelby, Oceanic County,
Mich. Mr. Shontell's removal will be
greatly regretted by the people of this
city. He was one of the very oldest
settlers of this vicinity. He came
here in May of 1870, before a
single house was constructed in this
city. Every one here then was living
in tents. He was then employed by the
R. R. Company, afterwards he went
to farming, spending 15 years of the
time here on his farm a couple of
miles south of town. He was on the
police force for seven years, three of
them as chief. In whatever position he
has been placed, he has been the same,
honest, industrious and upright citi-
zen, hence his departure will be great-
ly regretted. Mrs. Shontell has recent-
ly fallen heir to considerable money,
and the desire to be among Mrs. Shon-
tell's people was the chief cause of his
removal. Mrs. Shontell left yester-
day and Mr. Shontell goes to-morrow
on Monday.

evening, by the morning and evening
choirs, was well attended and very
much enjoyed by all present. This
church is particularly fortunate in its
magnificent choir.

The Knight Templars at their
meeting on Tuesday evening, chose
the first Congregational church as the
place to hold their special Easter ser-
vice. Rev. Geo. W. Gallagher, will
be here and officiate on that occasion.
